Friendship: the constant that carries us forward A message from our CEO, Jane Nelson

Another year has passed by so quickly at the Oddfellows, and it reminds me how fast life moves. However, in a hurried world, friendships really do slow the pace and bring us back to what truly matters.

Life for each and every one of us feels richer in good company. Even between get-togethers, friendships keep us hopeful. They anchor us through life's ebb and flow – deepening our joy in good times and supporting us in challenging ones. True friends celebrate our successes, steady us when we falter, and offer a sense of belonging.

Life may change, but lasting friendship remains a constant that grounds us, making everything a little brighter. And whether near or far, genuine connections help us navigate life with resilience, laughter, and warmth.

Remember every friendship begins with a simple moment of connection, and we all have the power to create new ones or welcome others into our community who seek companionship. Please always stay open to new friendships in 2026 and nurture the ones you treasure.

If you're a member and see a new face at one of our social events, offer that warm welcome we're known for. A friendly chat, a check-in, or an introduction can ease first-visit nerves and help turn a new space into a familiar one. These small acts show that we want people with us for the long run.

Throughout 2026, let's hold on to what gives our Society its strength – the belief that shared friendship creates a place where people feel supported, valued, and at home.

Friendship is the bedrock of our Society. So together, let's continue building a welcoming community where every friendship can begin.

This will be my last turn of year message to you all as of course I retire in May. I want to thank each and every one of you for your support and friendship over the years and I wish you, your friends and your families a very happy and healthy 2026.

Yours in friendship,

Jane Nelson, CEO, the Oddfellows

A warm welcome to Simon, our CEO Designate

In October 2025, the Society appointed Simon Gallimore as Chief Executive Officer Designate. He's currently working alongside Jane Nelson, our CEO, ahead of assuming full responsibilities in May 2026. Read more at: www.oddfellows.co.uk/news/welcoming-our-new-ceo-designate

Talented trio win Educational Awards

We're proud to announce our 2025 First Degree Course Educational Award winners: Melanie Healy (Humber Wolds Oddfellows), Will Stevenson (Pride of Woolwich Oddfellows) and Emma Corbin (Worcester Oddfellows).

Each winner will receive a non-repayable bursary worth £900 per year for the duration of their studies, which can go towards anything from text books and vital equipment to helping out with rent, bills and other practical items.

Jane Nelson, CEO of the Oddfellows, said:

It fills me with pride each year when we announce the winners of the First Degree Course Educational Awards, and I'm sure that Melanie, Will and Emma will work hard and have a wonderful university experience.

University is an exciting time, but it can also be quite stressful. I hope this money will go some way to help reduce some of the financial pressures that are a reality of being a student.

Melanie Healey, Humber Wolds Branch

In October 2025, Melanie began her Asian and Middle Eastern Studies course at the University of Cambridge. The four-year course will begin with learning Arabic language skills from scratch, building up her existing French language skills and looking at French Literature.

She says she is hoping to put the money towards travelling to French and Arabic-speaking countries for internships and exchanges to help sharpen these skills.

Melanie said: "I was delighted when I found out that I'd been chosen to receive the funding, and I would like to thank the Oddfellows for the grant."

Although unsure what her career plans are at this stage, Melanie says she "would definitely like to work in a role that allows me to use my language skills".

Will Stevenson Pride of Woolwich Branch

Will started reading Geography at the University of Durham's Trevelyan College in Autumn 2025, where modules cover

topics such as climate change, physical geography, human geography, geographical research and geographies in crisis.

The money, he says, will go towards the social aspects that university life has to offer, such as the Durham University Big Band.

Will said: "Hearing I was a recipient of the award was incredibly exciting, and I am extremely thankful to the Oddfellows for the trust and generosity they have offered me."

Will also hasn't mapped out his career plans at this stage, but says that's one of the reasons the course appealed to him, given "the breadth of Geography and its wide application".

Emma Corbin Worcester Branch

Unbeknownst to either, Emma and Will have ended up on the same Geography course at the University of Durham.

Emma plans to put the money towards learning materials and field trips.

"I felt extremely grateful and lucky when I was picked as one of the successful candidates from what would have been many amazing applications," she said. "I would like to say how thankful I am. It is a great opportunity to have an award like this available."

Emma too hasn't decided which direction she wants her career to take, but thinks her chosen course will provide her with a range of opportunities.

"It's an increasingly relevant subject, considering topics such as climate change and geopolitics," Emma added.

More about our Educational Awards

Each year, our Fraternal Board chooses who will receive the Educational Awards funding, based on the applications received from members. 2026: Time to make a financial plan

a proud part of the Oddfellows

The year might have only just started, but we all know how quickly the calendar can flip. One minute it's spring, and the next we're wondering where the mince pies have gone.

Taking a little time now to think about your finances before the new tax year starts in April can make life feel calmer and more organised.

Where to start?

A financial plan doesn't have to involve spreadsheets or complicated formulas. It can simply start with a few questions, like: 'What do I want to save for? Am I prepared for life's surprises? Could my money be working harder for me?'

For some Oddfellows members, the focus might be on simply enjoying life or planning for the future. Others may also be thinking about the younger people in their lives – children, grandchildren, or that teenager who changes career ambitions daily.

Small, regular contributions now could grow into something meaningful later.

Start saving

Lucky for Oddfellows members, our financial services arm, Unity Mutual, is close at hand.

Unity Mutual is a regulated provider of ISAs and other savings and investment

products, which means they follow strict rules designed to protect our members.

Unity Mutual's Guaranteed Investment Bonds, including two, three and five year terms, offer fixed-rates for savers with a lump sum to invest, and Oddfellow members can benefit from preferential rates.

Alternatively, ISAs are a tax-efficient way to save or invest, whether you're building up funds to enjoy retirement or looking to help give your child a confident step into adulthood.

ISA Products available from Unity Mutual for Oddfellow members include a Lifetime ISA, a Flexible ISA and a Junior ISA, and you can also make the most of the Adult and Child Tax-Exempt Savings Plans.

Get in touch

And the good news? You don't have to figure it all out by yourself. Unity Mutual is happy to chat with you about your goals, big, small, or somewhere in between.

Our friendly staff can provide information on what is available to you. They'll talk through things in plain English, not financial jargon, so you can make decisions confidently and comfortably.

Terms and conditions apply to all products.
