Hever Castle and Craft Fair - Saturday 10 September

Welcome to our latest events diary

We are now almost back to normal with the number of events that we are running each month. We have been trying to hold an event per month at the weekend or in the evenings in order to be more flexible, and continue to do so in this current diary. These are proving popular so do book in plenty of time to avoid disappointment. We continue to have two afternoon socials per month on the first and third Tuesdays, and invite a guest speaker along to one or other of them.

The art class continues to go from strength to strength, it is held every Thursday starting at 11.30am. Please see the advert later in the diary for more information. We are also holding a gadget guru session and jewellery making on alternate Thursdays at 2pm, contact Rosalind for more details.

We have some great events and trips coming up but please do remember that the diary is prepared well in advance and it could be possible that

Superbloom at the Tower of London

Come and celebrate the Platinum Jubilee of Her Majesty the Queen at the Tower of London, where a spectacular, colourful, vibrant field of flowers will fill the tower's moat.

Wednesday 6 July, 11.30am
The Tower of London,
London EC3N 4AB

In spring, over 20 million seeds were sown in the moat from carefully designed seed mixes.

From June to September, the flower display will erupt into new colours and patterns, creating a dramatic and engaging experience. Designed to attract pollinators 'Superbloom' will bring a spectacular natural beauty to the urban space and introduce a new biodiverse habitat for wildlife. It will celebrate the value of nature for our wellbeing. On arrival, visitors can grab a mat and slide down into the moat on the Superbloom slide and follow the visitor route through the display. Or for a more conventional entry into the blooms, there is a main fully accessible visitor entrance. Visitors continue by weaving past flowering displays filled with colour and scent along a winding path.

A specially commissioned sound installation and sculptural elements will draw visitors in and make you feel at home amongst the bees and butterflies. Take a moment to slow down and experience the nature that surrounds you. The tower's 'Superbloom' is the first stage of installing a natural landscape in the moat in the heart of the City of London. When the 'Superbloom' display ends in September, the new natural landscape created to support it will remain in the moat as a permanent Jubilee legacy.

Our Branches raised a magnificent £151,000 for charitable causes in 2021!

Congratulations to our Branches and their members for a tremendous fundraising achievement in 2021. Helping struggling communities and those in need is something the Oddfellows has been doing for over two centuries. And despite the pandemic, last year was no exception.

Branches and their members raised over £151,000 to support causes close to their hearts, a figure up on 2020's already significant total of £145,700. Fifth generation Oddfellow, Society historian and South Yorkshire and North Derbyshire Branch member, Paul Eyre,

West London Branch

reflects on the tradition of local giving. He said: "For many years, it has been fairly common practice for the Provincial Grand Master of a District to choose a charity to support during their year of office, with funds being raised by raffles, donations or other fundraising activities."

Oddfellows CEO, Jane Nelson, added: "It always astounds me when we look at the collective yearly fundraising figure. The generosity of our members and Branches, especially at such times where household budgets are becoming increasingly tight and unpredictable, is incredible.

South East Lancashire Branch

“I feel immensely proud to represent such a caring bunch of people, those who don’t hesitate to help a neighbour in need.

“For those who receive support, it’s not just about the financial help, it’s knowing that their situation is acknowledged and that there are people out there who care and listen.”

Concord Branch

Fundraising for Ukraine

The Society is collecting donations to support the work the Red Cross is doing in Ukraine. The Red Cross is part of the Disasters Emergency Committee (DEC), which unites 15 member charities who are experts in humanitarian aid and specialists in different areas of disaster response.

In some areas in Ukraine, water, electricity, and phone connectivity have been affected. Many people are taking cover from the shelling in basements and bomb shelters, but are going without the most basic supplies, like food and water.

Any donations will be used to reach people in urgent need, If you would like to contribute,

cheques should be made payable to “The Oddfellows”, and sent to:

**Ukraine Support
The Oddfellows
Oddfellows House
184-186 Deansgate
Manchester, M3 3WB**

The Society has already pledged £10,000 from central Funds in support of this appeal.

Access to expert legal help

From day one of membership, all members have access to the Oddfellows' Legal Aid Scheme.*

We hope it's something you never have to call on, but if you do it gives you access to the expert help of our appointed solicitors should you need to make a claim for medical negligence, a personal injury, or an employment dispute which is at pre or tribunal stage. It also covers your family members for personal injury and medical negligence cases.

Help with a medical negligence claim

Medical negligence is when a healthcare provider – NHS or private – has failed in their duty to take care of you and you have suffered an injury. This could be, for example, that you've been given a wrong drug, they've made a mistake during a treatment, or failed to diagnose your condition, or made a wrong one.

Matthew Heap, a Solicitor and Partner at CL Medilaw (www.clmedilaw.co.uk), which is one of the Society's approved solicitors, further explained: "Some people get in touch with us and they know the exact point at which they feel they've been failed. For others, it's less clear-cut, but they know that somewhere along the line, the care they've received has fallen short of medically-acceptable standards.

"Knowing how to raise your case, and to be heard, can be daunting when you don't know the process, have the contacts, or legal knowledge.

"But the support that's available through the Oddfellows' Legal Aid Scheme can help you to get the answers you need and, hopefully, the compensation you deserve."

Who can make a claim?

You can bring the legal action yourself or, as the executor or next of kin, on behalf of someone who has died because of medical negligence, or on behalf of a family member if that person is unable to take action themselves because they don't have capacity.

Oddfellows members and their family can receive Legal Aid Scheme support as long as the accident, incident or issue happened while you were a member and you have remained a member since that time.

You must start your legal claim within three years from the date that you either realised you'd been injured or when the incident occurred. For children, this three-year time limit doesn't start until the child's 18th birthday.

If you're looking to make a claim on behalf of someone close to you because they don't have capacity, such as they're unable to manage their own affairs or have a mental disability, then the three-year time limit doesn't apply, unless they recover from this incapacity.

"Taking legal action for compensation is a way to try and secure the support that you now need and deserve – financial or medical. The Oddfellows and CL Medilaw will have your back every step of the way," added Matthew.
