Sunday 21 April, 7.45pm.
We hope you can join us!*

Welcome to the Spring/ Summer 2024 edition of the Mid-Surrey news and events diary.

It has been lovely to see so many of you at events recently and a warm welcome to our many new members. We look forward to seeing more of you at events in 2024.

There is more to Oddfellows than just our social events. Oddfellows membership includes Care and Welfare, Oddfellows Extra for money saving offers, Oddfellows Travel and Unity Mutual for family friendly finance options. Do take time to explore and make the most of your membership. Everyone is welcome at Oddfellows. If you are not a member or have friends that would like to join

A bit about us...

The Oddfellows is one of the largest and oldest friendly societies in the UK. Through friendship and social events, we help our members get more enjoyment out of life, and offer care, advice and support in times of need. As a mutual and non-profit, our Society is run by our members for our members and raises thousands of pounds each year for good causes. We welcome everyone of all ages. For more information visit www.oddfellows.co.uk or call **0800 028 1810**.

Message from District Secretary

Dear Members

I hope you are all keeping well. It's nice to see the days getting longer and the first signs of spring appearing. The end of 2023 has seen a few changes within Mid-Surrey District. David Larkins, our caretaker of 20 years and former Secretary has retired. We wish him a very happy and healthy retirement and will miss his cheerful disposition and willingness to always help.

Those of you who receive our weekly emails will also be aware that at the start of the year, we welcomed Carly as our new Social Organiser.

Carly Farrer,
Social Organiser

Carly has met many of you now and is really looking forward to helping our members plan future events. If you'd like to receive email updates from Carly about all things happening in Mid-Surrey District please email her and ask to be added to the list carly.farrer@oddfellows.co.uk

Mid-Surrey District assisted Ben, a Junior member back in 2021, by granting him a £200 education grant for each year of his degree. Ben is now in his final year and would like to thank Mid-Surrey District for the support he has been given.

It has helped enormously with his living costs. Did you know that The Fraternal Board also meet each year and award up to 4 junior members £900 per year for the duration of their degree. They also award up to 3 bursaries of £250 for Junior members per annum for their apprenticeship. If you are interested in applying for any of the above grants or want details of Junior membership, please do get in touch.

We have a great team of Care and Welfare Volunteers. If you or someone you know feel they could benefit from a telephone befriender or is housebound and would like a visit from a member please let me know. If you are now living out of our area, we can always see if a Branch closer to you can help. Some of our members enjoy logging into our national Zoom events. You can find details of these Zoom events by looking on our website or by getting in touch and we can send you a list by email.

There really is so much you can get from your membership, not just our social events so I hope you will all explore and enjoy all it has to offer. We couldn't do all we do without our Volunteers so I'd like to say a big thank you to the Trustees, Committee of Management and those who have contributed to our many events, whether it is delivering a talk or washing up.

**In friendship

Would you like to join our Committee of Management and support the running of the Branch?

Our Branch is run by a Committee of Management made up of active members. We welcome new people to join our Committee, who are elected each year at our annual meeting. Members who are interested in joining the CoM are welcome to come and observe a meeting and to meet the CoM before committing themselves. Our Committee supports the running of the Branch including looking at social planning, finance, care, development, property, publicity and promotion.

Refreshments are served at the meeting and each volunteer committee member brings their unique skills to support the running of the Branch.

We always appreciate members volunteering their time to shape the District and support the office and Trustees. If you would like more details about joining our CoM, or even just attending a meeting and getting to know the current members, please contact Maeve for more details.

Business meetings alternate between Dorking and Leatherhead, are generally on a Monday morning, are no more than two hours long and are held approximately four times a year. Often members go for a pub lunch following the meeting. We have some new dates for CoM meetings on a Friday morning.

Further events are being added, see: www.oddfellows.co.uk/events.

Got an event idea to share?

Please don't hesitate to share your ideas with us, or with any other Branch Committee Member. Help us make our events programme even more interesting and exciting!

Interested in volunteering?

We couldn't run all our events without our wonderful volunteers.

There are lots of ways you can get involved as a volunteer, from one-off help to regular support.

You can help us by:

- Welcoming members, guests and speakers at the evening or afternoon hall events
- Helping prepare teas/coffees
- Being the volunteer host at the pub meals and other external events
- Organising events as part of a social committee
- Joining the Committee of Management
- Becoming a Volunteer Welfare Visitor

Want to deliver a new activity?

We encourage all our members to arrange events for other members and friends. If you'd like help to run a new event, like a book club, singing group, a one-off walk in the country or coffee morning, get in touch and we will support you every step of the way.

"I've volunteered since 2006. Supporting events as a volunteer makes me feel more committed to the Oddfellows and what I do. I enjoy meeting up with other members/friends, any outings that take place, the lunches and some of the talks are especially interesting".

Cynthia, volunteer

"I have volunteered as a Committee member since 2004 and Trustee since 2006. I took the position to help other members as Trustee – it takes approximately eight hours per month, I also enjoy meeting with other people".

Mike, Committee Member

To find out more about helping us as a volunteer, contact Maeve by phone on **01306 877792**, email at **mid-surrey@oddfellows.co.uk** or pop in to the office on a Friday morning.

Society-funded cancer research on track

The Centre for Cancer Immunology, current beneficiaries of the Society's HA Andrews Memorial Fund, recently received its second donation instalment.

The Centre, based at the University of Southampton, was chosen as the recipient of the £100,000 grant, split over three years, in 2022. The money is sponsoring the PhD studies of Nur Zainal, who is looking into a specific gene which it is believed can be manipulated to target cancer cells in a new vaccine.

Nur's first year

The first year of Nur's studies has been spent preparing for the execution of her PhD project over the next three years. She has been learning appropriate techniques, skills and procedures, as well as being introduced to theories and connecting with relevant research groups.

Nur, who travelled to the UK from Malaysia with her family to undertake the PhD, said: "I believe the invaluable experiences and knowledge I have acquired over the past year have equipped me to be a more productive and capable student."

Nur updating AMC last year

"I would like to extend my heartfelt gratitude to the Oddfellows for their support in making my studies possible."

On the right path

Some of Nur's work on 3D cell culture – growing cancer cells in a way that more closely resembles the environment they experience in our bodies than traditional 2D cell culture – is included in a manuscript which will be published in a major international journal, for which she will be listed as a co-author.

Dr Tim Fenton, Associate Professor in Cancer Biology, says Nur has "excelled during her first year", adding: "We hope that Nur's studies will lead to improvements in the design of cancer

Dr Tim Fenton

vaccines, which is a key theme in the work being undertaken at the Centre for Cancer Immunology here in Southampton."

HA Andrews Memorial Fund

The Fund provides financial support to UK-based medical research projects or organisations. For more information about the Fund, and how you can donate, go to www.oddfellows.co.uk/ha-andrews

Our fantastic four

Congratulations to 2023's First Degree Course Educational Awards winners. George, Benedict, Jamie and Charlotte will each receive £3,600 over the next four years of their respective university courses to help ease the financial pressures of student life and create opportunities.

George LeBon

Heart of Norfolk
Branch member

George began his studies at the University of Southampton in September 2023 – a four-year course in Computer Science with Cybersecurity.

His dream job is to become a “white hat hacker”, which he explained is someone who is “hired by companies to try and hack into their databases and report back the vulnerabilities”.

He says he and his family were overjoyed to discover he'd be receiving the funding and has thanked the Society, adding: “It will go towards buying textbooks so I can enhance my knowledge further and better understand the industry that I want to work in.”

Benedict Weis

Leodis Branch member

Benedict hasn't yet decided what his ideal future job role might be. He is studying Aerospace Engineering at Queen's University Belfast and hopes a career path might become clearer over the next few years.

Since starting in September 2023, Benedict has joined the University's rowing club and the money will help him pay for training camps and trips, which he says will allow him to study more effectively without worrying as much about his finances.

“I would like to thank the Oddfellows for the award and just to say how grateful I am for it,” he said.

Jamie Messett

Loyal Lord Byron
Branch member

Jamie started his first of four years of Chemistry at the University of Oxford's Balliol College in October 2023, and will put the money towards

learning materials. He would like his future to be in the pharmaceutical industry, but a PhD and a career in research is also a potential avenue.

He said: "Nobody should underestimate how valuable funding can be towards determining how well a student performs.

"I would like to thank everyone involved in helping me with this award, and also everyone involved with providing the funding."

Charlotte Stevenson,

Pride of Woolwich
Branch member

Charlotte started her four-year course in Physics and Philosophy at the University of Oxford's Brasenose College in October 2023.

She is hoping to do a PhD in astrophysics and then continue researching within the field beyond that.

The funding will allow her to take part in unpaid research programmes during university holidays, covering the cost of travel, accommodation and food, as well as contributing to the cost of textbooks and other resources. She said: "This award will be an immense help throughout my degree and I'm so, so grateful to have received it."

Grand Master (Chairman) of the Society, Barbara Needham, said: "Ordinarily, we hand out three First Degree Course Educational Awards each year, but such was the strength of the applications of this year's winners that we felt they all deserved the financial boost. "I'm delighted for all four of them, and I wish them every success over the next few years at university and beyond."

For more information and T&Cs, visit www.oddfellows.co.uk/educational-awards

Striving for a greener future

The Oddfellows is committed to being as green as possible. That's why we've been calculating and offsetting our annual carbon footprint since 1 April 2020.

Between 1 April 2022 and 31 March 2023, 106.38 tonnes of CO₂e was recorded as being produced through the operations of our Liverpool and Manchester offices and associated transport activities, which includes our financial services brand, Unity Mutual.

Although this figure is up 5.4% on the previous year, benchmarked against employee numbers, carbon emissions have remained almost constant (up 0.2%).

The Oddfellows' CEO, Jane Nelson, said: "Our focus is to keep learning through our assessments and to make incremental changes to the way we operate so we can bring our greenhouse gas emissions down and play our part in tackling climate change."

The Society's aim is to be Net Zero, where our carbon emissions are as low as possible. As a last resort, we have offset our 2022-23 carbon footprint by funding carbon dioxide-saving initiatives, including in Eritrea, Cambodia, Brazil, Bulgaria and India.

Jane added: "Climate change is real. It's the greatest environmental challenge we've ever faced. But there is hope, because we can all do something about it."

Investing in futures

Unity Mutual discovered a genuine interest in its children's savings accounts – a topic many grandparents and parents hadn't considered before – while at the 2023 Baby and Toddler Show in Manchester.

The Junior ISA (JISA), offered in partnership with Mini First Aid to include a free paediatric first aid course*, turned heads, especially when parents realised once they'd set it up, anyone could contribute.

Unity Mutual at the Baby and Toddler show

Unity Mutual's Head of Sales and Marketing, Abi Jones, said: "No more brainstorming gift ideas for that first birthday or Christmas – a shared investment in a secure future sparked enthusiasm. Because, sometimes, the best gifts are the ones that grow over time."

*T&Cs apply.

Branch Meetings
